me to go back to coffee." It nourishes and
feeds the system. The children can drink
it freely with benefit. It is the
strengthening substance of pure grains.

Orange County Politics.

Editor of Watchman:—I see by the Herald
and News that they right to present a sena-
torial candidate for the west side of the
county this year is claimed for Randolph on
the ground that they have not had one for
eight years. The Republicans of Washing-
ton think this privilege should belong to
them, as they have not had one for thirty
years. In 1870 Judge White was elected Sen-
ator. Since then every town on the
west side except Washington has had one
of these circumstances the Republicans of
Washington will present my name before the
convention as a candidate for Senator.
I cannot name as many important offices
that I have held as Mr. Kimball, and urge
that as a reason why I should have another;
nor am I a recent convert to Republican
principles as Mr. Vail is, for I have belong-
ed to the party since it organized, and have
supported the Republican candidate for
President from Fremont to McKinley. I
think that I am well enough known in Or-
ange county so that I need not say more
about myself.

CHESTER DICKEY.

SMALL POX SCARE

Excitement still runs high at Hardwick
over the small pox scare, although it is by
no means certain that it is a genuine case.
O. H. Thomas, the supposed victim is not
confined to his bed. He shaved himself
on Tuesday and is currently shaving
to-day. He has been isolated in a room
during his enforced confinement. His face
is a mass of sores. Dr. Darling
pronounces it small pox but Dr. George
does not agree with him.

About 300 people have already left town.
Some of them are property owners, but the
majority are the floating population.
Dr. Hamilton had other members of the
State Board of Health were expected to
reach Hardwick on Tuesday and their
opinion of the case is awaited with extreme
interest.

The people of Hardwick do not feel kind-
ly toward Mr. Thomas, the supposed victim.
He was told before he reached town
that he had the small pox, but he took no
pains to isolate himself, and even went to
a barber shop to be shaved before going to
his boarding house. Business is paralyzed,
the schools are closed and the commu-
nent exercises will probably be canceled.

was found this morning on the road be-
tween Waterbury and Waterbury Centre,
with a driver. Three black horses and a
half box of cigars and a piece of bread and
butter in the buggy. The letter F was on
the bridle.

St. Michael's cadets, equipped with their
rifles and uniforms by Capt. Charles Ter-
rior, appeared on the streets Monday
evening for the first time since their orga-
nization. They marched like veterans and
went through the streets with a high de-

School by a score of 21 to 14.

George M. Carpenter has just placed on
one of the Montpelier and Wells River loco-

which he has invented and which not only
sands the track beneath the drivers
but beneath the rear wheels of the engine
as well, and uses only about one-half the
sand as the old method.

jacent towns to accommodate those wishing

ing for a special train to Waterbury after

The Montpelier Military Band has or-
dered twenty-five new uniforms from D.
M. O. Lilly of Columbus, Ohio. The style
will resemble the fatigue uniform of naval
officers and will be of dark blue cloth with
heavy black braid trimmings. It is ex-
pected that the uniforms will be completed by
June 15.

The offertory "The Voice of Jesus," sung
at Christ church Sunday morning by Miss
Edith Brooks was a pleasing feature of the
musical programme. This was Miss Brooks'
first attempt at solo work and she acquitted
herself in such a manner as to win the com-
mendation of Prof. A. J. Phillips, her in-
structor, and the congratulations of her
friends.

The full rehearsal Monday evening for
the musical entertainment next week went
off with a swing and snap that showed the
faithful work already put into the affair,
both by the instructor and all who take
part. Finished performances are assured

was a promising young man and popular
with his fellows. He had served two years
as an apprentice granite cutter at the sheds
of the Capital Granite Company. He had
lost the grip about two weeks
ago, and last Friday, feeling much improved,
he came down town, got shaved and had
his hair cut. Returning home he ate a
hearty dinner and in the afternoon went
fishing, sitting in the sun for some hours.
That night he developed symptoms of sun-
stroke which resulted finally in his death.
Aside from his mother, two sisters and a
brother survive him. The funeral was held
at the house at 2 o'clock Monday afternoon
and the remains taken to Barre for burial.
